Miscellaneous Information,

COLLEGIATE DEPARTMENT.

TERMS OF ADMISSION.

Candidates for admission must produce testimonials of good moral character; and if from another College, evidence of regular dismission.

The proper time for examination is Monday preceding Commencement and the day before the opening of the Fall Session.

Candidates for advanced standing may be received at any time, but all such will be examined on the studies previously pursued by the class which they desire to enter, including the studies preparatory for admission to the Freshmen Class.

Students are admitted only on examination. When admitted to advanced standing, a fee of \$5 is charged for each year's advancement, except when the student comes from another College, in which case he may be admitted to the same standing without the fee, if found qualified.

Candidates for the Freshmen Class are examined on the following books:

ENGLISH, Grammar; Geography; Outlines of Ancient and Modern History.

MATHEMATICS, Arithmetic; Algebra through Simple Equations,

LATIN, Bullion's Grammar, or McClintock and Crooks'; Cornelius' Nepos, or Latin Reader; Cæsar (two books); Virgil's Æneid (four books), or their equivalents.

GREEK, Bullion's Grammar, and Reader, or McClintock and Crooks' First and Second Books.

Candidates for the Partial Course are examined only in reference to their qualifications to pursue that course.

It is recommended, however, that all whose circumstances will justify it, should prosecute the full Collegiate course. This course long experience has proved to be best suited to accomplish the great end of education—the development and discipline of the mind.

The completeness of a student's preparation for admission will materially affect the whole of his subsequent course, as many of the elementary studies cannot receive that attention in College which their importance demands. It is earnestly desired, therefore, that candidates adhere rigidly to the course of Preparatory Studies, and that they endeavor to perfect themselves in these, rather than anticipate studies which can be pursued to much greater advantage in College. It is, in general, poor economy to attempt to prepare for admission into one of the higher classes; as it is reasonable to suppose that, with the facilities afforded at College, students will be advanced there more rapidly and thoroughly than they could be by teachers less favorably situated.

The Grammar School of the institution presents peculiar advantages to those who wish to be thoroughly prepared for admission.

COURSE OF STUDY.

FRESHMEN CLASS.

CLASSICS,.. *Latin*—Sallust, Livy, or Ovid.

Greek—Xenophon's *Cyropædia*, or Homer; Herodotus; Greek and Roman Antiquities; Greek and Roman Mythology (Manual of Classical Literature).

MATHEMATICS,.....Algebra (Loomis'); Elements of Geometry (Loomis' Six Books).

ENGLISH,.....English Language; History and Composition.

NATURAL SCIENCE, Physiology (Cutter's).

FRENCH,.....Fasquelle's French Grammar (first half); Telemaque; written translations from English into French.

SOPHOMORE CLASS.

CLASSICS,.. *Latin*—Horace; Cicero—de Senectate, de Amicitia, de Natura Deorum.

Greek—Xenophon's *Memorabilia*, or Isocrates; Select Plays of Euripides, or Æschylus.
Archæology of Greek and Roman Literature,
History of Greek and Roman Literature,
Archæology of Art (Manual of Classical Literature), Latin and Greek Exercises, and Written Translations.

MATHEMATICS,.....Geometry of Planes and Solids (Loomis'); Plane Trigonometry, Spherical Trigonometry (Loomis').

Navigation and Surveying (Loomis').

ENGLISH,.....Political Economy (Wayland's); Mental Philosophy, commenced (Hickock's); Composition.

Principles of Elocution (Caldwell's Manual), accompanied with private Declamation.

NATURAL SCIENCE, Geology (Loomis')

RELIGION, .. Paley's Natural Theology.

FRENCH,.....Fasquelle's Grammar (second half); Voltaire's Charles XII., or Dumas', Napoleon.
Written Translations from English into French.

JUNIOR CLASS.

MATHEMATICS,.....Analytical Geometry; Differential and Integral Calculus, with applications (Loomis')

NATURAL SCIENCE, Peck's Mechanics; Acoustics and Optics.

CLASSICS,..Latin—Cicero de Officiis, or Tusculan Disputations; Tacitus.

Greek—Select Plays of Sophocles and Euripides; Demosthenes' Select Orations.

ENGLISH,.....Mental Philosophy (completed); Logic (Coppee's); Rhetoric (Whately's); Moral Science (Wayland's); Public Declamation.

RELIGION,.....Paley's Evidences.

GERMAN,.....Woodbury's Grammar (first half); Adler's Progressive Reader; Written Translations from English into German.

FRENCH,.....Scribe, Corneille, or Moliere; Grammar Reviewed.

SENIOR CLASS.

ENGLISH,.....Constitution of the United States (Shepard's); History of Philosophy (Schwegler's); Public Declamation of Original Compositions.

- NATURAL SCIENCE, Chemistry (Johnston's Turner); Lectures on Natural Philosophy and Chemistry; Geology.
- MATHEMATICS,.....Astronomy.
- CLASSICS,..*Latin*—Tacitus, Quintilian, Plautus or Juvenal.
Greek—Select Plays of Æschylus, or Sophocles; Plato, or Aristotle.
- GERMAN.....Woodbury's Grammar (second half); Schiller's Tell, Goethe's Faust; Written Translations from English into German; Lectures on German Literature.
- FRENCH,.....Boileau, or Racine; Grammar Reviewed; Lectures on French Literature.
- RELIGION,.....Butler's Analogy.

Tuition is given to such as desire it in the Spanish, Italian and Hebrew Languages, for which an extra charge is made. The following is the course of study :

Spanish,—Velasquez's Spanish Grammer; Velasquez's Spanish Reader; Moratin's El Si de la Nina; Calderon's El Magico Prodigioso; Valesquez's Spanish Dictionary; Lectures on Spanish Literature.

Italian,—Forresti's Italian Grammar; Forresti's Italian Reader; Torquato Tasso; Meadow's Italian Dictionary; Lectures on Italian Literature.

Hebrew,—Rœdiger's Gesenius' Grammar, by Conant; Hahn's Biblia Hebraica: Gesenius' Lexicon.

The instruction in PHILOSOPHY and ENGLISH LITERATURE is given partly by recitations in History, Rhetoric, Logic, Political Economy, Metaphysics and Constitutional Law, and partly by Lectures on the English Language and Literature, the Philosophy of History and Polity, and the History of Philosophy.—Practical exercises in Writing and Speaking also receive special attention in this department.

The course in the NATURAL SCIENCES includes recitations from text books, and lectures accompanied by illustrations and experiments. The facilities of this department for full and efficient instruction are unusually ample. The apparatus is extensive and valuable, and annually increasing. The Cabinet of Natural History is abundantly supplied with specimens.

In the MATHEMATICAL department there are daily recitations. In the senior year, lectures are given on the theories and applications of the higher branches.

In the CLASSICAL department it frequently happens, that either different authors, or different portions of the same author, are read by successive classes; but these alterations do not affect the *amount* of Greek and Latin required of those who apply for admission to the higher classes.

PARTIAL COURSE.

For the accommodation of those whose circumstances do not permit them to pursue the regular course for degrees, an Elective or Partial Course is allowed. This is arranged to suit the wants of the student, and is made up of such studies in the Grammar School and College as he may be found on examination qualified to pursue.

This course is designed as an accommodation to suit peculiar cases, but is by no means recommended. It requires, in general, but little more time and expense to pursue the Regular course; and, in all cases, this is far better both for the student and the College.

RECITATIONS.

At the daily recitations, where the text admits of it, the old catechetical method of instruction is avoided as much as possible, and the student required to give a connected view of the subject in his own language, and without the aid of the professor, except on points not fully treated by the author,—thus at once cultivating the powers of memory, thought, and speech.

When the subject is susceptible of it, a written analysis of the previous lesson is required at each recitation; and at the public examinations, a written analysis of the whole work.

BOOKS OF REFERENCE.

The following are recommended as books of reference throughout the course:

- Anthon's Classical Dictionary.
- Zumpt's Latin Grammar.
- Kuehner's, or Crosby's Greek Grammar.
- Ramshorn's Latin Synonymes.
- Andrew's, or Crooks & Schem's Latin Lexicon.

EXAMINATIONS.

1—Of all the classes at the close of the Fall Session, on the studies of the session.

3—Of the Senior class, four weeks before Commencement, on the entire course.

3—Of the other classes, the week before Commencement, on the studies of the session.

TERMS AND VACATIONS.

The College Year is divided into two Sessions: the first beginning on the second Thursday of September, and ending on the Wednesday preceding Christmas; the second beginning four weeks from the termination of the first, and ending at Commencement, on the second Thursday in July.

SUMMER VACATION—From Commencement to the second Thursday of September, NINE WEEKS.

WINTER VACATION—From the Wednesday before Christmas, to the third Thursday of January, FOUR WEEKS.

COLLEGE BILLS.

	FIRST SESSION	SECOND SESSION.
Tuition Fee,	\$13 00	\$20 00
Fee for use of Library, . .	50	1 00
Fee for warming and use of		
Recitation Rooms, . . .	1 50	2 50
Janitor's services,	1 00	2 00

A charge of \$3 00 a year extra is made on all the students for Modern Languages. Thus, for \$12 00, the student has the advantage of four years' instruction in the French and German Languages, affording a rare opportunity to acquire proficiency in these studies, and at a price unusually low.

Students lodging in College, pay for room rent from \$2 67 to \$3 33 for the first session, and from \$5 33 to \$6 67 for the second. Some of the rooms are lighted with gas, the cost of which is charged upon the occupants. Where two students occupy a room, this will probably not exceed \$6 00 per year to each.

These are the only bills payable to the College, except an incidental charge for damages. They are required to be paid to the Treasurer in advance, at the beginning of each session.

RESIDENCE, BOARD, &C.

Students not resident in town are required to lodge in the College, and furnish their own rooms. All necessary furniture can be purchased in Carlisle at lower prices than abroad. When the student leaves, it may be sold for what it is worth.

No Boarding Department is kept in the College. Students board at such private boarding houses in town as are approved of by the Faculty. The price of board varies from \$2 25 to \$2 50. If Students prefer to board themselves, the expense may be greatly reduced.

Oak wood can be had for \$2 50 per cord, and hickory for \$3 50. Coal, delivered at the College, is \$4 00 per ton. Washing is \$1 25 per month, or 37½ cents per dozen.

SUMMARY OF ANNUAL EXPENSES.

As the College tuition is now for the most part paid by Scholarships, the necessary expenses of a student are much reduced. Parents and guardians are invited to examine the following estimates, as including everything that is strictly required.

Fee for Modern Languages, - - - - -	\$3 00
Library Fee, - - - - -	1 00
Use and Warming of Recitation Rooms, - - - - -	4 00
Janitor's Services, - - - - -	3 00
Room Rent, - - - - -	10 00
Board, 40 weeks, - - - - -	100 00
Washing, - - - - -	12 00
Fuel, - - - - -	4 00
Lights, - - - - -	6 00
Books, about, - - - - -	15 00
Total for the year, - - - - -	\$160 00

Good Board can be obtained at \$2 25 per week. This would reduce the above estimate to \$150 00, while the expenses of some are brought much lower by boarding themselves.

In the above summary no estimate is made for clothes, traveling expenses, and incidentals. These of course will vary according to the habits and circumstances of the student.

RELIGIOUS INSTRUCTION.

Prayers, with reading of the Scriptures, are attended in the Chapel in the morning and evening of every day, except Saturday and Sunday, when the evening service is omitted. The students are also required to attend public worship twice on the Sabbath, at such church as their parents or guardians may designate.

SOCIETIES.

The BELLES LETTRES—organized A. D. 1785; meetings every Wednesday, P. M.

The UNION PHILOSOPHICAL—organized A. D. 1789; meetings every Wednesday, P. M.

The SOCIETY OF RELIGIOUS INQUIRY—organized A. D. 1857; meetings every Saturday evening. The object of this Society is the Study of Christian Ethics, Theology, and Hermeneutics, with a view to the Christian Ministry.

LIBRARIES.

The College Library contains.....	6,900	volumes.
“ Library of the Belles Lettres Society,.....	8,238	“
“ “ “ Union Philosophical,.....	8,356	“
	<hr/>	
	23,493	

These are accessible to all the students, and, except in vacation, are open as follows:

The College Library, every Saturday, at 11 o'clock, A. M.

The Society Libraries, every Wednesday and Saturday, at 1 o'clock, P. M.

MUSEUM.

The College Museum contains a valuable collection of specimens in Mineralogy, Geology, and Natural History; a cabinet of Ancient Coins; also a number of Paintings, among which is a fine copy of Salvator Rosa's Conspiracy of Catiline, from the pencil of the late George Cook, Esq.

ASTRONOMICAL OBSERVATORY.

The facilities of the College for instruction in the department of Astronomy are unusually ample. The Astronomical Observatory is provided with an Achromatic Telescope, manufactured by Henry Fitz, of New York. This Telescope has an object-glass of five inches, with a focal distance of seven feet, is Equatorially mounted, and furnished with Right Ascension and Declination Circles and Clock Work, and is adapted to scientific research as well as instruction. A superior Transit will soon be added, arrangements for which are now in progress.

RESIDENT GRADUATES.

Graduates of this or other Collegiate Institutions, who desire to pursue their studies in Carlisle, under the direction of the Professors, are permitted to do so in the capacity of Resident Graduates. They are allowed the use of the Libraries and Scientific Collections, and to attend the Lectures of the Professors, subject to such rules and fees as the Faculty may prescribe.

As an inducement to this class of students to extend their studies beyond the College Course, facilities are now offered for instruction in Analytical Chemistry, Practical Astronomy, and the Hebrew, Syriac, Arabic and Sanscrit Languages.

To those who wish to pursue Theological studies, special facilities will be afforded.

EXTRA STUDIES.

Students in the regular course, whose scholarship reaches a certain standard of merit, are permitted to pursue studies additional to the Prescribed Curriculum, under the direction of the Faculty. Proficiency in such studies—to be ascertained by examination—will entitle the student to honorable mention hereafter in a list of *Laureati* in the annual Catalogues.

DEGREE OF MASTER OF ARTS.

All graduates of three years' standing, or more, who have in the meantime sustained a good moral character, are candidates, in course, for the Degree of A. M. As this degree is not conferred except on application, such application should be made to the President, accompanied by the usual fee (\$5 00) at least three days before the Commencement. If the degree is not conferred the fee will be returned.

JOHN GRIGG MEDALS.

By the liberality of JOHN GRIGG, Esq., of Philadelphia, the College has been furnished with a fund to be appropriated as prizes for Oratory. This is given in the form of a gold and a silver medal, as first and second prizes, to such members of the

Junior Class as excel in the combined merits of Declamation and Composition. The award is made by a committee after a public contest, which is held the week before Commencement.

AWARD FOR THE YEAR 1858-9.

GOLD MEDAL.

JOHN W. LANDIS.

SILVER MEDAL.

H. GORDON SEYMOUR.

COMMITTEE OF AWARD.

Rev. JOHN P. DURBIN, D. D.,

“ J. A. McCAULEY,

“ B. R. WAUGH.

GRAMMAR SCHOOL.

The Grammar School is designed to prepare students for College, and the studies are arranged mainly to that end; but the course of studies is such as to meet the wants of those also who wish a strictly elementary English course. Moreover, any member of the Grammar School may pursue such studies in the College as his advancement requires, without any extra charge.

For admission to this department, the student must be at least ten years of age, and have some acquaintance with the elementary English branches. It will be well for students to be present at the opening of the session, as then the regular classes are formed,—nevertheless they will be received at any time during the session.

The younger students of the school can have room and board in the house of the Principal. This will secure for them that official oversight which the young need, as well out of school hours as in.

The sessions, vacations, and term bills (except that the cheap Scholarships do not apply to this department), are the same as those of the College. The course of study extends through two years, each embracing two sessions, as follows :

FIRST YEAR.

FIRST SESSION.

English.—Grammar (Bullion's); Geography (Morse's Intermediate); Exercises in Reading, Composition, and Spelling.

Mathematics.—Arithmetic (Loomis'); Algebra (Loomis' Elements).

Classics.—Andrews' Latin Lessons.

SECOND SESSION.

English.—Grammar, Geography, Exercises in Reading, Penmanship, Composition, Spelling and Declamation.

Mathematics.—Arithmetic; Algebra.

Classics.—Latin Grammar (Andrews' & Stoddard's); Andrew's Latin Reader; Bullion's Greek Lessons.

SECOND YEAR.

FIRST SESSION.

English.—History of Greece; Exercises in Porter's Reader, Grammar, Composition, Etymology, Spelling, and Declamation

Mathematics.—Arithmetic (Loomis'); Algebra (Loomis' College Edition).

Natural Science.—Natural Philosophy (Wells'); Science of Common Things (Wells').

Classics.—Latin; C. Nepos; Greek; Bullion's Reader and Grammar; Classical Geography (Mitchell's).

SECOND SESSION.

English.—History of Greece; Grammar; Etymology; Porter's Reader; Penmanship; Composition; Spelling, and Declamation.

Mathematics.—Arithmetic; Algebra into Quadratics (College Edition).

Natural Science.—Natural Philosophy (Wells'); Science of Common Things (Wells').

Classics.—Virgil; Xenophon's Anabasis; Latin and Greek Grammar continued; Classical Geography (Mitchell's).

GENERAL REMARKS.

The government of the Institution is mild and parental. It is designed to secure attention to study and correctness of deportment, not so much by the enforcement of rigid rules, as by cultivating in the student a taste for intellectual pursuits and virtuous habits. But while youthful indiscretion will be treated with lenity, incurable indolence, bad morals, and pecuniary extravagance, will not be suffered to remain to exert their corrupting influences within our walls.

A faithful record is kept of the standing and deportment of each student, and a report sent monthly to his parent or guardian.

Text Books and Stationery are kept for sale at the College, at prices below the city prices.

FINANCIAL AFFAIRS OF THE STUDENTS.

As economy is indispensable to the welfare of both the College and the student, and all experience teaches that youth should not be allowed the uncontrolled use of money, attention is called to the following extracts from the Statutes of the College. Though the faithful observance of these rules may not in all cases secure the economy desired, it will doubtless prove a salutary check upon temptations to extravagance and vice:

1. Every minor whose parent or guardian does not reside in Carlisle, shall select some member of the Faculty as his Patron, who shall have special oversight of his deportment, and whose

duty it shall be to afford him such counsel as his circumstances require.

2. *All* funds for the use of a student shall be deposited with his Patron; and no student shall be permitted to remain in the Institution, who shall obtain money from any other source, unless he immediately deliver it to his Patron.

3. The Patron shall ascertain at the beginning of each session what expenses each student is allowed to incur, and be strictly governed by such information in his disbursements.

4. No student shall contract any bill without the permission of his Patron.

5. College bills shall have the preference; all others according to the date of presentation; provided, that no bills shall be paid for horse or carriage hire, confectionary, fruit, eatables of any kind, or other articles unnecessary for a student.

6. A Patron shall be at liberty to furnish such pocket-money as the parent or guardian may prescribe, provided it does not exceed what in his judgment, with the advice of the President, the interest of the student and of the institution may require.

7. In case any student shall borrow money, or contract any bill, contrary to the rules of the College, he shall be dealt with as for a high offence, and the payment of such bill by him or for him, shall subject him to such discipline as the circumstances may demand.

8. In the monthly report of each student, his Patron shall state the items of expenditure since the last report, together with the amount of funds received. And the accounts of the Patron shall, at all times, be open to the inspection of the President and Faculty.

9. A Patron shall not be held personally responsible for any bill of any student. The expenses of correspondence in the discharge of his duties shall be charged to the accounts of the students concerned. As a compensation for his trouble, and risk of loss, he may charge a commission of 3 per cent. upon all moneys paid out.

Calendar for 1860.

- Monday, June 4*—Examination of the Senior Class begins.
- Tuesday July 3*—Examination of the other Classes begins.
- Saturday, July 7*—Oratorical Contest, by the Junior Class, for the Prize Medals.
- Sunday, July 8*—Baccalaureate Sermon, by President COL-
LINS.
- “ “ —Sermon before the Society of Religious Inquiry
- Monday, July 9*—Anniversary of the Belles Lettres Society, at 8 o'clock, P. M.
- Tuesday July 10*—General meeting of Alumni, in the College Chapel, at 3 o'clock, P. M.
- “ “ —Anniversary of the Union Philosophical Society, at 8 o'clock, P. M.
- Wednesday, July 13*—Annual meeting of the Board of Trustees, at 8 o'clock, A. M.
- “ “ —Annual meeting of the General Belles Lettres Society, at 8 o'clock, A. M.
- “ “ —Annual meeting of the General Union Philosophical Society, at 8 o'clock, A. M.
- “ “ —Oration before the General Belles Lettres and Union Philosophical Societies, at 11 o'clock, A. M.
- “ “ —Oration before the Associated Alumni, at 8 o'clock, A. M.
- Thursday, July 12*—Commencement Exercises, at 10 o'clock, P. M.
- Thursday, Sept. 13*—Fall Session begins.
- Wednesday, Dec. 19*—Fall Session ends.
- Thursday, Jan. 17, 1861*—Winter and Spring Session begins.
